Credit Union

Member Owned

Unlike other financial institutions, a credit union is owned and controlled by the people it serves. A small group of members is chosen to guide operations on behalf of their fellow members. The board decides how best to use money earned, what services to offer, under what conditions, and at what rates. Our board have volunteered their time, and are people you should know.

Pat McKeown – President
 Alex Haupt – Vice President
 Peter Keegan – Treasurer
 Lorna Hodges – Secretary
 Kevin Muscat – Board Member
 Supervisory Committee – CU Watch Dogs
 Devon Bergeron and John Bonner

Fourth of July

Safety Tips

Grilling Safety

- Keep children away from grills. Gas leaks, blocked tubes, and propane tanks can be a cause of grill fires and explosions.
- Never grill indoors, in the garage, in any enclosed area or on a surface that might catch fire.
- Keep the grill at least two feet away from decks, siding, branches and any outdoor equipment that can catch fire quickly.

Sparkler & Fireworks Safety

- Never disassemble or try to make your own fireworks.
- Don't point sparklers, or fireworks at yourself or others, especially while they're being lit.
- Only light fireworks on the ground and in areas that are dry and fire resistant.
- Never allow young children to handle fireworks or sparklers.
- Always keep a portable fire extinguisher close by. Also keep a water hose or buckets of water nearby to put out fires.

Always keep a first-aid kit near.

Water Activity Safety

- Review safe boating practices.
- Never consume alcohol while driving a boat.
- Before boating, always check that there are enough life preservers on hand for every passenger.
- Pools should be enclosed completely with a fence to restrict access to the area.

Now is the Time to Prepare your **Finances** for Hurricane Season

- Gather financial and critical personal, household, and medical information.
- Consider saving money in an emergency savings account that could be used in any crisis. Keep a small amount of cash at home in a safe place. It is important to have small bills on hand because ATM's and credit cards may not work during a disaster when you need to purchase necessary supplies, fuel or food.
- Obtain property (homeowners or renters), health, and life insurance if you do not have them. Review existing policies for the amount and extent of coverage to ensure that what you have in place is what is required for you and your family for all possible hazards. Homeowners insurance does not typically cover flooding, so you may need to purchase flood insurance from the National Flood Insurance Program.
- For more helpful financial preparedness tips and download the Emergency Financial First Aid Kit (EFFAK) to get started planning today.
